

AZF 500 medium duty low pressure inflatable shelter

Product Images

Short Description

Ready to use within minutes, the AZF series is the ideal solution for all emergency situations. Durable, they can be efficiently deployed on any type of terrain.

Description

Frame

Main beams and ridge beams inflatable, made of airtight double-sided PVC coated polyester fabric [32 oz/yd²], fixed to the cover and floor. Eaves purlins made of aluminum. Easy replacement of cover and frame. The tents can be set up in 4-7 minutes, depending on the tent size. A pressure relief valve prevents excessive pressure in the frame.

Tent skin

Tent skin is made of double-sided PVC coated polyester fabric [22 oz/yd²]; flame resistant, waterproof and mildew resistant.

Floor

Floor covering of double-sided PVC coated polyester fabric [22 oz/yd²]. Available with non-slip embossing as option [25 oz/yd²].

Other colors available on request.
