

## AZF HUB medium duty low pressure inflatable shelter

### Product Images

### Short Description

Ready to use within minutes, the AZF series is the ideal solution for all emergency situations. Durable, they can be efficiently deployed on any type of terrain.

### Description

#### Frame

Main beams and ridge beams inflatable, made of airtight double-sided PVC coated polyester fabric [32 oz/yd<sup>2</sup>], fixed to the cover and floor. Eaves purlins made of aluminum. Easy replacement of cover and frame. The tents can be set up in 4-7 minutes, depending on the tent size. A pressure relief valve prevents excessive pressure in the frame.

Tent skin

Tent skin is made of double-sided PVC coated polyester fabric [22 oz/yd²]; flame resistant, waterproof and mildew resistant.

Floor

Floor covering of double-sided PVC coated polyester fabric [22 oz/yd²]. Available with non-slip embossing as option [25 oz/yd²]. Other colors available on request.
